Safeguarding and Child ProtectionPolicy

Purpose and Aims

The purpose of *Wildlings Forest Kindergarten* safeguarding and child protection policy is to provide a secure framework for the workforce in safeguarding and promoting the welfare of those children/young people who attend our setting. The policy aims to ensure that:

• All our children are safe and protected from harm. • Other elements of provision and policies are in place to enable children to feel safe and adopt safe practices;

• Staff, children, *committee/trustees/proprietors*, visitors, volunteers and parents are aware of the expected behaviors' and the setting legal responsibilities in relation to the safeguarding and promoting the welfare of all of our children.

Ethos

'Every child deserves the best possible start in life and the support that enables them to fulfill their potential. A secure, safe and happy childhood is important in its own right.' Statutory Framework for the Early Years FoundationStage (EYFS)

Safeguarding in *Wildlings Forest Kindergarten* is considered everyone's responsibility and our setting aims to create the safest environment within which every child has the opportunity to achieve their full potential. *Wildlings Forest Kindergarten* recognises the contribution it can make in ensuring that all children registered or who use our settinghave trusted key workers with whom they feel safe and that they will be listened to and appropriate action taken. We recognise that this is especially important for children who are unable to communicate e.g. babies and very young children that have strong attachment to their caregivers. We will work to ensure children's safety by working in partnership with other agencies i.e. Early Help, MASH, Police and Social care as well as seeking to establish effective working relationships with parents, carers and other colleagues to develop and provide activities and opportunities that will help equip our children with the skills they need. This will include materials and learning experiences that will encourage our children to develop essential life skills and protective behaviors.

This policy has been developed in accordance with the principles established by the Children Act 1989; and in line with the following:

- Early years foundation stage (EYFS) statutory framework -GOV.UK(www.gov.uk)
- <u>Working Together to Safeguard Children</u>

What to do if you are worried a Child is being Abused
 Keeping Children Safe
 in Education

 <u>The Prevent Duty 2015 advice for childcare settings</u> • <u>Information Sharing: Advice for</u> practitioners providing safeguarding services to children, young people, parents and carers • <u>Safeguarding children and protecting professionals in early years settings: online safety</u> <u>considerations - GOV.UK (www.gov.uk)</u>

• Female genital mutilation - GOV.UK (www.gov.uk)

Responsibilities and expectations

The management committee/proprietor takes seriously its responsibility under section 11 of the Children Act and duties under "working together" to safeguard and promote the welfare of children; to work together with other agencies to ensure adequate arrangements exist within our setting to identify, and support those children who are suffering harm or are likely to suffer significant harm. We Recognise that all staff and management have a full and active part to play in protecting our children from harm, and that the child's welfare is our paramount concern.

The proprietor/trustees/committee should also ensure the following:-

- that the safeguarding and child protection policy is made available to parents and carers.
- that all staff and volunteers are properly checked to make sure they are safe to work with the children who attend our setting.
- that the setting has procedures for handling allegations of abuse made against members of staff (including the Playleader/Manager) or volunteers.
- the safe and appropriate use of cameras, mobile phones, technology and online equipment within the setting.
- the Counter Terrorism and Security Act 2015 which places a duty on early yearsand childcare providers "to have due regard to the need to prevent peoplefrom being drawn into terrorism" (The Prevent Duty) is implemented, takinginto account the Local authorities '*Prevent*' policies, protocols and procedures and ensuring the Fundamental British Values are implemented as stated in the EYFS.
- A Designated Safeguarding Lead (DSL) is appointed who has lead responsibility for dealing with all safeguarding issues in our setting.
 - The Designated Safeguarding Lead for *Wildlings Forest Kindergarten* is Jessica Elliot If they are not available, then contact
 - The **Deputy Designated Safeguarding Lead is Beccy Spiers**. (*This/these person/s can also be contacted with any safeguarding concerns*).

Identify the Named Member of the Trustees/Committee for Safeguarding
 Safeguarding

Committee Named Person is Hannah Standen• Our procedures will be annually reviewed and updated.

The responsibilities for the Designated Safeguarding Lead (DSL) are:-

- to ensure that all safeguarding issues raised in the setting are effectively responded to, recorded and referred to the appropriate agency.
- To ensure all adults are alert to circumstances when a child and family may need access to early help
- All adults, (including volunteers) new to our setting will be made aware of this policy and the procedures for child protection, the name and contact details of the DSL and have these explained, as part of their induction into the setting.

- Be responsible for arranging the settings safeguarding training for all staff and volunteers who work with the children and young people. The DSL must ensure that the safeguarding training takes place at least every three years for all with regular updates during this period; which they can deliver in-house provided they are linked in to the support and quality assurance process offered by the Local Authority and the Devon Children and Families Partnership.
- to attend or ensure that a senior member of staff who has the relevant training and access to appropriate supervision, attends where appropriate, all child protection case conferences, reviews, core groups, or meetings where it concerns a child in our care and to contribute to multi-agency strategy discussions to safeguard and promote the child's welfare.
- for ensuring the acceptable, safe use and storage of all camera technology, images, and mobile phones through the implementation, monitoring and reviewing of the appropriate policies and procedures. This includes the online Safety Policy which includes Camera & Image Policy, Mobile Phone Policy, Acceptable Use Policy.
- Implementing the Fundamental British Values.
- To ensure allegations regarding adults in the setting are effectively responded to and referred to the appropriate agency.

All Child Protection concerns need to be acted on **immediately**. If you are concerned that a child may be at risk or is actually suffering abuse, you must tell the DSL. **All Adults, including the DSL, have a duty to refer all known or suspected cases of abuse to the relevant agency including MASH (Multi Agency**

Safeguarding Hub), Children and Young People's Service (CYPS) – Social Care, or the Police. Where a disclosure is made to a visiting staff member from a different agency, e.g. Early Years Consultants, Health Visitors, it is the responsibility of that agency staff to formally report the referral to the Setting's DSL in the first instance and to follow their organizations procedures. Any records made should be kept securely on the Child's Protection file.

Recognising concerns, signs and indicators of abuse Safeguarding is not just about protecting children from significant harmor likely significant harm. . For our setting it includes such things as child safety, bullying, racist abuse and harassment, visits, intimate care, and internet safety etc. 'Safeguarding children and protecting professionals in early years settings: Online Safety Considerations document identify the responsibilities for our setting with regards to online safety for the children

'You play an essential role in helping young children learn the foundations of safe online behavior. Even if children don't have access to technology within your setting, they may be using it at home, with their friends or in other public spaces. Children are naturally curious in understanding the world we live in; it is our responsibility to enable them to do so, including helping them to recognise the value of technology and use it safely. Role modeling safe use of the internet should become part of our everyday practice'. (2019)

As it is not the technology itself that will present the greatest risk, but the behavior of individuals using such equipment will. The witnessing of abuse can have a damaging effect on those who are party to it, as well as the child/adult subjected to the actual abuse, and in itself will have a significant impact on the health and emotional well-being of the child.

The four main categories of abuse as defined by the Department of Health 'Working Together to Safeguard Children' document 2018. Adults should be aware that the possible indicators are not a

definitive list. Although children's poor behavior may be a sign that they are suffering harm or that they have been traumatized by abuse, some children may present these behaviors for reasons other than abuse. All staff, volunteers at A Touch of The Wild and Wildlings Kindergarten are aware of the indicators of abuse and have up to date knowledge of safeguarding issues. They will be alert to the **need to consult further** if they suspect neglect or abuse of a child or children. As a setting we understand that children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others.

Neglect The persistent failure to meet a child's basic physical and psychological needs, likely to result in the serious impairments of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

provide food, clothing and shelter;

protect a child from physical and emotional harm or danger; ensure adequate supervision;

ensure access to appropriate medical care or treatment.

Possible indicators of Neglect Obvious signs of lack of care including: Problems with personal hygiene, constant hunger, inadequate clothing, emaciation, lateness or non-attendance at the setting, poor relationship with peers, untreated medical problems, compulsive stealing and scavenging, rocking, hair twisting, thumb sucking, running away, low self-esteem. Etc.

Physical Abuse

May involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness in a child.

Possible Indicators Physical signs that do not tally with the given account of occurrence conflicting or unrealistic explanations of cause repeated injuries delay in reporting or seeking medical advice.

Sexual Abuse

Forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, penetrative or non- penetrative acts and also includes involving children in watching pornographic material or watching sexual acts.

Possible indicators of Sexual Abuse Sudden changes in behaviour, displays of affection which are sexual and age inappropriate, tendency to clingor need constant reassurance, Tendency to cry easily, regression to younger behavior – e.g. thumb sucking, acting like a baby, unexplained gifts or money, depression and withdrawal, wetting/soiling day or night, fear of undressing for PE etc.

Emotional Abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valuedonly insofar as they meet the needs of another person.

Possible Indicators of Emotional Abuse Rejection, isolation, child being blamed for actions of adults, child being used as carer for younger siblings, affection and basic emotional care

giving/warmth, persistently absent or withheld.

Children who have special educational needs and/or disabilities All children have the right to be safe, yet research shows that disabled children are three times more likely to be abused. A number of factors have been

identified as to reasons why these children are more at risk (see bullet points) and as a setting we are aware of these and endeavor to protect all our children.

• a general reluctance of people to believe that disabled children are abused• limited opportunities

to seek help from someone else • a skills gap between disability and child protection workers •

inadequate teaching about personal safety skills e.g. NSPCC pants campaign

• issues relating to the child's specific disability or special educational need, e.g. difficulties in communicating or an inability to understand what is happening

Prevent

The Counter Terrorism & Security Act 2015

The Act places a Prevent duty on settings to have "due regard to the need toprevent people from being drawn into terrorism".

Settings subject to the Prevent Duty will be expected to demonstrate activity in the following areas

• Assessing the risk of children being drawn into terrorism • Demonstrate that they are protecting children and young people frombeingdrawn into terrorism by having robust safeguarding policies. • Ensure that their safeguarding arrangements take into account the policies and procedures of the Devon Children and Families Partnership. • Make sure that staff have training that gives them the knowledge and confidence to identify children and families at risk of being drawn intoterrorism, and to challenge extremist ideas which can be used to legitimiseterrorism

• Expected to ensure children are safe from terrorist and extremist material when accessing the internet in the setting

What to do if you are concerned

If a child makes a disclosure or allegation of abuse against an adult or other child or young person, it is important that you:

- Stay calm and listen carefully.
 - Reassure them that they have done the right thing in telling you.
- Do not investigate or ask leading questions instead ask clarifying questions tell me, explain to me, describe to me (TED)
 - Let them know that you will need to tell someone else.
 - Do not promise to keep what they have told you a secret.
 - Inform your Safeguarding Designated Lead as soon as possible.
- Make a written record of the allegation, disclosure or incident which you must sign, date and record your position using the setting safeguarding record log forms.

If you are concerned that a member of staff or adult in a position of trust poses a danger to a child or young person or that they might be abusing a child or young person you should

report

your concerns to the DSL. Where Those concerns relate to the DSL however, this should be reported to the *Chair of Trustees/Committee/Proprietor* using the settings 'Whistle blowing' policy.

Whistleblowing

We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so. All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues via our whistleblowing and complaints policies and appropriate advice will be sought from the LADOor Safeguarding Team where necessary.

Managing Allegations

We are aware of the possibility of allegations being made against members of staff or volunteers that are working or may come into contact with children and young people whilst in our setting. An allegation is when it appears that the professional, staff member, volunteer, has:

• behaved in a way that has harmed a child, or may have harmed a child • possibly committed a criminal offense against or related to a child • behaved in an inappropriate way towards a child which may indicate that he or she is unsuitable to work with children

• if there are concerns about the person's behavior towards their own children• children unrelated to their employment or voluntary work, and there has been recommendation from a strategy discussion that consideration should be given to the risk posed to children they work with

• an allegation has been made about abuse that took place some time ago and the accused person may still be working with or having contact with children

We are aware of the possibility of allegations being made against members of staff or volunteers that are working or may come into contact with children and young people whilst in our setting. Allegations will usually be that some kind of abuse has takenplace such as inappropriate behaviour displayed, inappropriate sexual comments, excessive one to one attention beyond the requirements their role and responsibilities, inappropriate sharing or images. Allegations are made for a variety of reasons:

- Abuse has actually taken place.
- Something has happened to the child that reminds them of a past event –the child is unable to recognize that the situation and people are different; Children can misinterpret your language or your actions.
- Some children recognise that allegations can be powerful and if they are angry with you about something, they can make an allegation as a way of hitting out.
- An allegation can be a way of seeking attention.

If an allegation is made against an adult in a position of trust whether they be members of staff or volunteers this should be brought to the immediate attention of the DSL who will advise the *Chair of Trustees/Committee/Proprietor*. In the case of the allegation being made against the DSL this will be brought to the immediate attention of the *Chair of Trustees/Committees/Proprietor*. The

DSL/*Chair of Trustees/Committees/Proprietor* will need to discuss with the Local Authority Designated Officer (LADO) the nature of the allegations made against the adult, inorder for the appropriate action to be taken. This may constitute an initial evaluation meeting or strategy discussion depending on the allegation being made. All allegations must be taken seriously and objectively and dealt with in a timely manner, in the case of an allegation the **DSL/Chair of** *Trustees/committees/Proprietor* will need to:

- Refer to the Local Authority Designated Officer (LADO) guidance <u>Managing allegations</u>

 <u>Devon Childrens' and Families Partnership(dcfp.org.uk)</u> and <u>submit the LADO</u> <u>notification form</u>.
- Consider safeguarding arrangements of the child or young person to ensure they are away from the alleged abuser.
 - · Contact the parents or carers of the child/young person if advised to disobey the
 - LADO. Consider the rights of the staff member for a fair and equal process of

investigation. • Advise Ofsted of allegation within 14 days of the allegation

- Ensure that the appropriate disciplinary procedures are followed including whether suspending a member of staff from work until the outcome of any investigation if this is deemed necessary.
- Act on any decision made in any strategy meeting.
- Advise the Disclosure and Barring Service where a member of staff has been removed, dismissed or would have been removed had they a result of the allegations being founded.

A copy of What to do if you are worried a Child is being Abused booklet is kept with this policy. This sets out the guidelines on dealing with incidents, disclosures and the procedures that must be followed.

Confidentiality

• We recognise that all matters relating to child protection are confidential. • The DSL will disclose personal information about a child or young person to other members of staff on a need to know basis only. • However, all staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children. • All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or well-being or that of another. • We will always undertake to share our concerns with parents and guardians and their consent is sought in accordance with Early help and MASHprocedures unless doing so would increase the risk of harm to the child. If in doubt regarding sharing information with parents and guardians, we will consult with the MASH consultation team.

Training

All members of staff and volunteers will have access to safeguarding training at least every three years in line with Devon Children and Families Partnership (DCFP). We Will also, as part of our induction, issue information in relation to our Safeguarding policy as well as any policies related to safeguarding and promoting our children/young people's welfare to all newly appointed staff and volunteers. There will also regular safeguarding updates at staff meetings, supervisions and via email.

Our DSL's will undertake further safeguarding training, Group 3 DCFP Multi-agencySafeguarding

course or Group 3 Refresher Courses. This will be undertaken at least every three years which updates their awareness and understanding of the impact of the wide agenda of safeguarding issues. This will support both the DSL and deputyDSL to be able to better undertake their role and support the setting in ensuring our safeguarding arrangements are robust and achieving better outcomes for the children in our setting.

Our *Trustees/Committee/Proprietor* will have access to safeguarding training nour Named *Trustees/Committee/Proprietor* for Safeguarding will also undertake additional awareness training at least every three years. They will also be advised to undertake additional training to support their employers' role in Handling Allegations against adults who work with children and young people, including our staff and volunteers.

Our safeguarding arrangements are reported on an annual basis to our

Trustees/Committee/Proprietor and our Safeguarding policy is reviewed annually, in order to keep it updated in line with local and national guidance/legislation.

We will include our Safeguarding Policy in our settings prospectus/website and will post copies of our policy throughout the setting. We are also able to arrange for our policy to be made available to parents whose first language is not English, on request.

Mobile Phones and Mobile technology

A Touch of the Wild has policies and procedures in place with regard to the use of mobile phones and mobile technology i.e. ipad's , smart watches, laptops, camera in the setting and on visits etc. Need to include the settings procedures with regards to mobile phones and mobile technologies for all staff, volunteers and visitors. The 'Online Safety – A Toolkit for Early Years Settings' is a useful guide to assist the setting with developing appropriate policies and procedures.

Related Setting Policies

'Safeguarding ' covers more than the contribution made to child protection in relation to individual children. It also encompasses issues such as child health and safety, bullying and a range of other issues, for example, arrangements for meeting the medical needs of children, providing first aid, setting security, drugs and substance misuse, etc.

This policy will cross reference to related setting policies and other protocol: (Suggested list of policies please amend as appropriate to the setting)

Multi-Agency Safeguarding Hub – MASH

MASH contributes to improved outcomes for safeguarding children because it has the ability to swiftly collate and share information held by the various agencies and to provide a multi-agency risk assessment of each case for 'actual or likely harm'.

- Manages contacts and enquiries received from any source (usually CYPSandPolice VISIT *vulnerable incident screening tool*)
- Develops a document recording the concern information and all other agencies information available within agreed timescales and a social worker manager makes an informed decision using all of the available information.

• Develops concern information into a social care referral if services are required under section 17 or section 47 of The Children Act 1989 • Liaises with the Early Help for children and young people who need services but do not meet The Children Act 1989 threshold

• Provides consultation line to agency enquiries about thresholds, appropriate action to be undertaken and services.

There is no mandatory requirement to change your safeguarding policy duetoCOVID-19 and you should continue to follow your normal Safeguarding policy. However, with on-going restrictions you might want to consider adding a COVID -19 annexe to your current safeguarding policy, below is a draft for you to adapt to meet your needs.

Annexe 1 Safeguarding Policy COVID-19 (DRAFT)

The *A Touch of The Wild* Safeguard policy remains in place and should be followed as usual. This annexe has been added to the Safeguarding Policy as an interim measure to cover any changes or additional requirements to the existing *A Touch of The Wild Safeguarding* policy during the COVID-19 pandemic. Staff and volunteers will be made aware of the *ATOTW* safeguarding policy and kept up to date if it is revised. The *ATOTW* Safeguard policy is available publicly. **Designated Safeguarding Lead** (DSL)

We will endeavor to have a trained DSL *Jessica Elliott* or deputy Beccy Spiers available on site. However, it is recognised that in exceptional circumstances this may not always be possible due to COVID restrictions such as self-isolating, andwhere this is the case the following options will be available:

- The trained DSL (or deputy) from A Touch of The Wild will be available to be contacted via phone or online video - for example working from home • A senior member of staff will take responsibility for safeguarding on the site
- Work in partnership with trained DSL's (or deputies) from another provider or school or contact your Early Years and Childcare Adviser *(Susan Bolt)* on 01392383000.

Arrangements will be made known to all staff to ensure that there are clear reporting routes for any concerns relating to a child.

DSLs (and deputies) will continue to do what they reasonably can to keep up to date with safeguarding developments, via safeguarding partners, newsletters and professional advice groups.

Vulnerable Children

Vulnerable children attendance is expected, where it is appropriate for the Touch of *The Wild* will support with other partners the relevant families and children to return to *(pre-school, nursery)*.

We will continue to follow up with any parent or carer whose child has been expected to attend and doesn't. For those children with a social worker we will continue to notify the social worker where the child does not attend, or if the child is required to self isolate for 10 days or needs to stay at home for 10 days due to COVID symptoms.

Staff Training and Staff Induction

All existing staff will have had safeguarding training. It will be the DSL responsibility to ensure that staff teams are kept up to date with any changes during the COVID-19period and if necessary support staff to do e-learning or virtual training during this time.

For the period COVID measures are in place, a DSL (or deputy) who has been trained and makes every effort to refresh their training via on-line training, however, if they miss their refresher training, they will continue to be classed as a trained.

New Staff will be provided with a safeguarding induction and an up to date safeguarding policy. **Visitors and Peripatetic Staff**

Please consider if your setting will allow visitors or peripatetic staff- if so, who e.g. nursery

plus, speech and language etc)

Visitors or Peripatetic staff will comply with *A Touch of The Wild* arrangements for managing and minimizing risk, including taking care to maintain distance from other staff and children. We expect peripatetic staff/visitors to consider how to minimize the number of visits where possible between different early years settings.

Safer Recruitment *A Touch of The Wild* will continue to follow all the normal safer recruitment policies and procedures.

Online Safety

Where staff continue to interact with children that are self-isolating or not attending online, they will continue to look out for signs a child may be at risk. Any concerns will be dealt with as per the safeguarding policy.

NSPCC COVID-19 safeguarding guidance briefing

Covid-19 safeguarding in school and other-providers

Annexe 2 Current Safeguarding Issues

(This section highlights optional extras that Settings may consider adopting to accompany their Safeguarding policy)

The following Safeguarding issues are all considered to be child Protectionissues and should be referred immediately to the most relevant agency. The Issues featured below are linked to guidance and local procedures which can be <u>found on the South</u> <u>West Child Protection Procedures</u>

E-Safety Children and young people can be exploited and suffer bullying through their use of modern technology such as the internet, mobile phones and social networking sites. In order to minimize the risks to our children and young people(*insert name of setting*) we will ensure that we have in place appropriate measures such as security filtering, and an acceptable use policy linked to our E-Safety policy. We Will ensure that staff are aware of how not to compromise their position of trust in or outside of the setting and are aware of the dangers associated with social networking sites.

Our E-safety policy will clearly state that mobile phone, camera or electronic communications with a child or family at our setting is not acceptable other than for approved setting business. Where it is suspected that a child is at risk from internet abuse or cyber bullying, we will report our concerns to the appropriate agency.

Child sexual exploitation (CSE) The sexual exploitation of children and young people under 18 involves exploitative situations, contexts and relationships whereyoung people, (or a third person or persons) receive something, (e.g. food, accommodation, drugs, alcohol, cigarettes, affections, gifts, money) as a result of them performing and/or others performing on them, sexual activities. Child sexual exploitation can occur through the use of technology without the child's immediaterecognition; for example, being persuaded to post sexual images on the internet/mobile phones without immediate payment or gain. In all cases those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidations are common, involvement in exploitative relationships being characterized in the main by the child's or young person's limited availability of choice, resulting from their social/economic and/or emotional vulnerability.

Good practice – Individuals Recognise the symptoms and distinguish them from other forms of abuse

• Treat the child/young person as a victim of abuse • Understand the perspective / behavior of the child/young person and be patient with them

• Help the child/young person to recognise that they are being exploited • Collate as much information as possible

• Share information with other agencies and seek advice / refer to Social Care **Good practice – Organisations**

• Ensure robust safeguarding policies and procedures are in place which cover CSE • Promote and engage in effective multi-agency working to prevent abuse • Work to help victims move out of exploitation

Cooperate to enable successful investigations and prosecutions of perpetrators Peer on

Peer Abuse

Children can abuse other children, and this is referred to as 'peer on peer abuse' thiscan take many forms including those listed in the table above as well as bullying, sexual violence and harassment etc. Staff will raise concerns when there are issues of peer on peer abuse and DSL's will consider what support might be needed for both the victim and perpetrators.

Forced marriages (FM) FM is now a specific offense under s121 of the Anti-Social Behavior, Crime and Policing Act 2014 that came into force on 16 June 2014. A FM is a marriage conducted without the valid consent of one or both parties, andwhere duress is a factor Forced marriage is when someone faces physical pressureto marry (e.g. threats, physical violence or sexual violence) or emotional and psychological pressure (e.g. if someone is made to feel like they're bringing shameon their family). This is very different to an arranged marriage where both parties give consent. FM is illegal in England and Wales. This includes:

- taking someone overseas to force them to marry (whether or not the forced marriage takes place)
- marrying someone who lacks the mental capacity to consent to the marriage(whether they're pressured to or not)

Under-age Marriage In England, a young person cannot legally marry until they are16 years old (without the consent of their parents or carers) nor have sexual relationships. **Female Genital Mutilation (FGM)** FGM is child abuse and a form of violence against women and girls, and therefore should be dealt with as part of existing child safeguarding/protection structures, policies and procedures.

FGM is illegal in the UK. In England, Wales and Northern Ireland, the practice is illegal under the Female Genital Mutilation Act 2003.

Other than in the excepted circumstances, it is an offense for **any person (regardless of their nationality or residence status)** to:

• perform FGM in England, Wales or Northern Ireland (section 1 of the Act); • assist a girl to carry out FGM on herself in England, Wales or Northern Ireland(section 2 of the Act); and • Assist (from England, Wales or Northern Ireland) a non-UK person to carry out FGM outside the UK on a **UK national or permanent UK resident** (section3of the Act).

Ritualistic Abuse Some faiths believe that spirits and demons can possess people(including children). What should never be considered is the use of any physical or psychological violence to get rid of the possessing spirit. This is abusive and will result in the criminal conviction of those using this form of abuse even if the intention is to help the child.

Sexually Active under Eighteen years old It is acknowledged by those workingwith young people that most young people under the age of 18 will have an interest in sex and sexual relationships. The Protocol for Sexually Active Young People under 18 years old has been designed to assist those working with children and youngpeople to identify where these relationships may be abusive, and the children andyoung people may need the provision of protection or additional services.

Safer Recruitment and Selection It is a requirement for all agencies to ensure that all staff recruited to work with children and young people are properly selected and checked. We will ensure that we have a member on every recruitment panel who received the appropriate recruitment and selection training. That all of our staff are appropriately qualified and have the relevant employment history and checks to ensure they are safe to work with children in compliance with the Key SafeguardingEmployment Standards.

Honor Based Violence Honor based violence' is a crime or incident, which has or may have been committed to protect or defend the honor of the family and/or community'. It is important to be alert to signs of distress and indications such as self- harm, absence from setting, infections resulting from female genital mutilation, isolation from peers, being monitored by family, not participating in setting activities, unreasonable restrictions at home. Where it is suspected that a child/young person's risk form Honor based violence we will report those concerns to the appropriate agency in order to prevent this form of abuse taking place.

Trafficked Children Child trafficking involves moving children across or within national or international borders for the purposes of exploitation. Exploitation includeschildren being used for sex work, domestic work, restaurant/ sweatshop, drug dealing, shoplifting and benefit fraud. Where we are made aware of a child being suspected of or actually being trafficked/exploited we will report our concerns to the appropriate agency.

Domestic Abuse The Government defines domestic abuse as "**Any incident of threatening** behaviour, violence or abuse (psychological, physical, sexual, financial or emotional) between adults who are or have been intimate partnersor family members regardless of gender or sexuality".

Staff need to understand what is required of them if children are members of the household where domestic abuse is known or suspected to be taking place. Our policy includes action to be taken regarding referrals to the Police and Children andYoung People's Services and any action to be taken where a member of staff is the alleged perpetrator or victim of domestic abuse. At *(insert name of setting)* we will follow our safeguarding policy and report any suspected concerns regarding Domestic Abuse to the relevant agency.

Private Fostering Private fostering is an arrangement made between the parent and the private foster carer, who then becomes responsible for caring for the child in such a way as to safeguard and promote his/her welfare.

A privately fostered child means a child under the age of 16 (18 if a disabled child) who is cared for and provided with accommodation by someone other than:

- A parent.
- A person who is not a parent but has parental responsibility.
- A close relative.
- A Local Authority.

for more than 28 days and where the care is intended to continue. It is a statutory duty for us to inform the Local Authority via MASH where we are made aware of a child or young person who may be subject to private fostering arrangements.
